Liftworx
SYSTEMS

FOR PROFESSIONALS ONLY
Painters, Scaffers, HVAC professionals

The Liftworx™ Systems enables a professional/tradesperson to lift and lower multiple loads without having to climb up and down scaffolding or ladders.

The Liftworx Systems is adaptable for many box sizes. The system can also be used on buckets and tool boxes. It's compact and stackable for easy storing and transporting. And all components are made of durable, industrial materials.

Set-up takes only seconds and saves time with each lift. It pays for itself after only a few uses.

The Efficient One Person Lifting System!

Lifts up to 30 lbs. max.

Call us TOLL-FREE for more information.

COMPANY: NEWARK UNIFIED SCHOOL DISTRICT
 JOB: MAILER
 DESIGN FIRM: KDA

Keep Music Alive:
one child at a time

Keep Music Alive:
one child at a time

Instrumental Music in the Newark Unified School District

The instrumental music programs in Newark Unified School District have grown significantly over the years from a non-existent program to a successful and growing program that engages more than 420 students in grades 4-12, due to the generosity of the City of Newark.

Highlights of our newly created program include:

- Each elementary school has an instrumental music program for grades 4, 5, and an honor band for those talented students, leading to greater further performance opportunities.
- MSJHS has an instrumental music program as well as a marching band and honor band members.
- HSJHS has an instrumental music program as well as a marching band and groups that have received honors for their performances.

The actual cost of Newark's Instrumental Music Program exceeds \$1.50,000 annually and this cost includes support for the three talented professional music educators, as well as supplies for musical instruments, sheet music and other music materials.

Keep Music Alive:
one child at a time

Funding

The City of Newark contributed \$300,000 in 2006 to continue the program for two years. The Foundation was established to assist the school district in raising funds to continue the program after the City's funding was completed.

The Foundation contributed \$100,000 last year to the Instrumental Music program for the child Newark Unified School District. The school district was able to contribute to the program last through one more state categorical grant that ended this academic year.

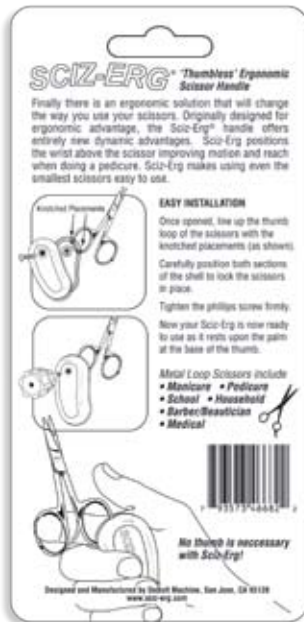

We need your help! It is essential that we keep our music program alive...one child at a time!

Sponsorship Levels

- \$100,000 funds 1-student for the entire academic year
- \$20,000 funds one-child for the entire academic year
- \$10,000 funds one-child for half the academic year
- \$5,000 funds one-child for a quarter of the academic year
